

Community Update

5-1-15

It's been a great week at CR! There has been so much that has happened since last week that I wanted to get it out as soon as possible. Enjoy!

Congratulations!

Congrats to the concert band and director Wendi Davis for receiving 3 superior ratings (highest rating) for their performance at the OMEA State Band event at Findlay HS last week! The band also received a superior rating in sight reading! Kudos to the band for the long hours spent honing their skills and for the talent that they display in every event!

Audrey Hummel and Bre Wellington represented two-thirds of the junior team that won a Bronze Award in the Career Pathways Showcase Competition for their program at Millstream! Their project, Mirrors of Hope, was a collaborative effort with Hope House and their program Bridges Out of Poverty. The girls did an excellent job and represented CR and Millstream well! Great job girls!

The FCCLA members attended their state convention last week and at the event their Chapter Year in Review Team received a Gold-Star Event Award and were ranked 3rd in the entire state! The team was only one place away from competing at the national level competition! Congrats to TJ Washer, Shiann Ludwig, and Rayanne Nye for their accomplishment!

Track and Field had another great meet last Saturday. First place finishers for the team included Mason Warnimont in the 100m and 200m dash and the 200m relay team of Ian Moser, Kyle Sands, Bryce Tuttle, and Mason Warnimont. 2nd place finishers included Ian Moser in 100m dash and the 100m relay team (see 200m relay participants), and Kyle Sands in the Long Jump. 3rd place finishers were Becca Schutz (100m), Ian Moser (200), and Ryan Forney (Shot Put).

Upcoming Events

Saturday is quite a full day for Hornet athletics as the Track and Field Team will compete at LB, JH Track and Field will travel to Kenton, and Baseball and Softball will take their respective fields at Allen East. Good luck to all!

In other events, the FFA chapter will soon return from their state convention – safe travels to them! The 6th graders will depart on Monday for their annual Camp Willson trip sponsored by SOS. On next Friday and Saturday evenings we will be treated to the talents of our music students in the annual Cabaret!

Finally, next week is Teacher Appreciation Week! Amidst the hustle and bustle of our daily lives and all that our students are involved in (see aforementioned events!) we sometimes overlook those that have, perhaps, the most profound impact on their future. The teachers and staff of CR dedicate themselves to providing the best possible education for each child. Please consider taking a moment to send them a note or thank them in person for all that they do for our school, community, and our children! Thank you CR Teachers and Staff!
