

Special Community Update

11-29-17

We recently became aware of a rash of vehicle break-ins in the area. To our knowledge an individual has entered numerous vehicles at Cory-Rawson Local Schools and at least one other area school. In order to keep our students and community as safe as possible we wanted to advise you of these incidents and encourage you to always lock your cars and not leave valuables in them. We also encourage you to be watchful of your surroundings. We do know that the vehicle the individual is driving is a late model black SUV, possibly a Hyundai Santa Fe (but to be clear we have not identified the make and model with 100% certainty). We are working closely with the Hancock County Sheriff's office; if you have any information or were affected by the break-ins we encourage you to contact their office at 419-424-7097.
