

Community Update

8-26-16

Well, the end of the first full week of school is upon us! Other than a few kindergarteners who had a few tears this week as they adjusted to a new and different routine, the first week went exceptionally well. A smooth start ensures a better transition from summer and a strong and positive foundation for the remainder of the year – thanks to parents and staff for your support and contributions to making this a successful start to school!

A reminder that next week students will be in school on Monday and then will be off the remainder of the week. Staff will report on Tuesday for an in-service where we will provide professional development in areas such as curriculum, school safety, and enrichment/intervention. School will resume after Labor Day on September 6th. Over fair break I encourage you to attend the Hancock County Fair and support our students and their hard work on display. Additionally, please consider stopping by the Booster Tent for some great food! If you are willing to donate a few hours of your time the Boosters could use a few more hands to help make this another successful year. They are an amazing collection of parents and community members who do outstanding things for our sports and music programs!

Congratulations to the girls' soccer team on their big win last night against Convoy-Crestview!

Good luck to the football team as the host Bluffton in their first game of the season! Good luck also to the girls' soccer team as they travel to take on Liberty Center on Saturday!

Have a great weekend and Go Hornets!
