

Community Update

6-2-16

Good Thursday afternoon! I hope this update finds you doing well and enjoying the first week of summer break! Even with school out that doesn't mean students are done representing our school. Congratulations and good luck to Mason Warnimont as he departs to Columbus to run in the 100m and 200m events! Mason qualified last week at regionals with personal records in the 100 (10.91) and 200 (21.96) and will look to better those again. We invite you out to the school tonight at 4:40 to send Mason off to State in style!

In other business, while the halls here are a bit less crowded now that students are gone, they are no less quiet with the custodial crew hard at work doing cleaning and maintenance around the buildings. Classrooms are being cleaned, waxed, and readied for the start of school that will be upon us before we know it. The Athletic Boosters have nearly finished the new flooring in the weight room – thank you to them for their generosity both in providing material and labor! Finally, open gyms for several sports are ongoing to keep our athletes in shape and hone their skills for the fall and winter seasons.

Enjoy the weekend and Go Hornets!
